

Helen: TMDL Lead- - policy and technical lead coordination.

Note: Only TMDL links to CZARA Settlement Agreement are temperature and sediment listings, not bacteria.

Nonresponsive

Jayne: CZARA project manager; coordinate CZARA compliance - - oversee compliance with CZARA settlement agreement tasks and deadlines for 319 purposes and CZARA approval; contract management of TMDL dedicated contract funds for mid-Coast TMDL. Has quarterly call on OR CZARA progress.

Note: CZARA full compliance can be achieved without mid-coast TMDL, i.e., if state changes forest practices rule. Mid-coast TMDL is likely the best mechanism to achieve the changes to forest practices rule.

Powers: technical support for tmdl and contract tasks as it relates to forestry. Strategic thinking of linking analysis to allocation process. Also historical support/context on settlement agreement- - knowledge of players, has key relationships. CZARA Settlement Agreement liaison with plaintiffs and managers.
